8", 10", 12", and 14" sizes

The non-breakable, durable polypropylene container solves the problems of fading, cracking, chipping. It resists side wall soil and plant dehydration.

The 10" patio pot has a slightly larger volume than the 9.5" planter pot and is impressive anywhere plant color and beauty is required.

8" - 10" - 12" - 14" sizes

3.5", 4.5", 5", and 8" Square Pots

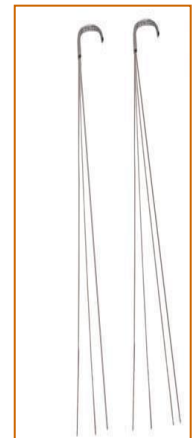

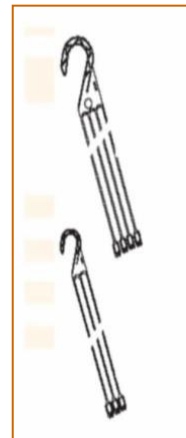

The square pot offers greater media capacity with a unique shape for that special plant. Drainage holes on bottom.

**Hanging Basket Containers
9", 10" and 12" Hanging baskets**

10" baskets – 3 strand (16" or 19")

12" baskets – 4 strand (22.5")

The planter pot is slightly smaller and is impressive in front of commercial buildings, on porches, decks, and patios.
